Hawks Nest Beach Bulletin

Did you know ...

The Myall Lakes National Park is one of the largest brackish systems in the southern hemisphere. The national park is home to many species of wildlife including dingoes, goannas and quolls recognized by their distinctive ginger tail with white spots.

Message from the Managers

It's summer again and the perfect time of year to enjoy all the great outdoor activities that Hawks Nest is famous for such as kayaking, surfing, fishing and nature walks.

Don't forget to check out our starlight movies every Monday, Wednesday and Sunday night with movies like Journey to the Centre of the Earth and Marley and Me.

During the summer holidays we will be cleaning the amenities twice daily at 10am and 10pm - one amenities block will remain open at all times for your convenience.

We would like to wish everyone one a Happy New Year and hope that the 2010 is a great year for everyone.
